To Our Valued Customers and Suppliers:

We are excited to announce that we are changing the names of our companies under the “Daifuku North America” group.

This is part of a global initiative by Daifuku Co., Ltd., to unify the naming of all Daifuku companies worldwide. The new names will indicate the main business and the region of each company. The name changes will be effective on January 1, 2024.

Wynright Corporation will become Daifuku Intralogistics America Corporation.

This name change will not impact our products, services, management, structure, employees, FEIN, or any other aspect of our business. We are ensuring a smooth and seamless transition for you and hope that you are as enthusiastic as we are about this change.

The Daifuku name is known worldwide for its innovation, quality, and services. The Daifuku brand builds trust and confidence with our customers and suppliers, and pride and loyalty with our employees. We are confident that you will remain satisfied with our products and services under our new name. We value our relationship with you, and we look forward to a long and fruitful partnership.

Sincerely,

Christoph Schenk
